**Wednesday, December 9, 2020**

CMS will be hosting a webinar focused upon the Medicare Secondary Payer (MSP) recovery process when a Medicare beneficiary receives a settlement, judgment, award, or other payment. The primary intended audience is attorneys who represent beneficiaries and other beneficiary representatives. The BCRC will present a refresher on the beneficiary recovery process, including what functions can be facilitated using the Medicare Secondary Payer Recovery Portal (MSPRP). Such functions include submission of authorizations, requesting a Final Conditional Payment, and electronic payments. The webinar will also discuss alternative demand calculation options (Self-Calculated Conditional Payment Amount and Fixed Percentage Option), as well as other beneficiary recovery tips and best practices. The presentation will be followed by a question and answer session with participants.
